### Week 2:

Find your list from last week (go to the website below if you missed last week's devotion page!). Look again at the part of the list that includes "community" property. What are the ways that you care for these things? Do you give them your time, or money? Does it seem like any of them are more important than others? Or do you give more to some things than others? Discuss the items that get the most attention from your household, and think about any adjustments that you want to make as a household.
